Glendale, CA 91205

Education

Singelyn Graduate School of Business, Cal Poly Pomona | Pomona, CA
Master of Science in Business Analytics

Expected: August 2027

California State Polytechnic University, Pomona | Pomona, CA
Bachelor of Science in Computer Information Systems | summa cum laude

May 2025

Experience

IT Project Management Intern, Temco Logistics | Pomona, CA July 2025 – Present

- Coordinated Cisco Meraki firewall upgrades across 40+ locations, improving network security and saving ~\$25,000
- Managed end-to-end IT infrastructure buildouts for 6 new locations, delivering all sites on schedule ahead of go-live
- Supported a Verkada cloud security rollout across 60+ locations, provisioning Azure access groups with SCIM sync
- Leading dual-ISP redundant internet procurement across 120+ locations to improve network reliability and continuity

Intelligence Research Intern, U.S. Customs and Border Protection | Long Beach, CA January 2025 – May 2025

- Created automation scripts in Excel to format data for efficient analysis which reduced preparation time by 70 percent.
- Prepared weekly reports for executive-level leadership to exhibit recent findings, assessments and incidents that occur within the Los Angeles Field Office area of operations.
- Collected open source and law enforcement reporting for analysis to identify threats, trends and indicators.

Data Analytics Extern, Beats by Dr. Dre Partnership with Extern | Remote December 2024 – March 2025

- Developed qualitative and quantitative analyses from over 3,000 user survey responses to uncover customer insights related to usage trends, behaviors, and preferences for wireless speaker devices.
- Delivered a comprehensive analysis report summarizing key consumer preferences and sentiment insights to address brand challenges entering into the wireless speaker market.
- Synthesized insights and presented findings through a detailed visual presentation for actionable business strategies.

Lead Avionics Technician, United States Navy | Oak Harbor, WA November 2016 – November 2021

- Led 8 team members in executing the correction of 1,184 aircraft discrepancies, encompassing 2,072 total work hours that resulted in a 98 percent completion rate of flight operations.
- Oversaw the inventory management and upkeep tracking of 378 work-center assets worth over \$500,000 which led to improving the operational mobility of the department for four years.
- Assessed the technical skill levels of junior workers and directly contributed to the training of 33 team members which increased the work-center's overall efficiency by 40 percent.

Projects

Supply Chain Database Design & Data Modeling (DataCo Dataset) | MySQL Workbench, Python

- Owned Phase 1 of a graduate database project, building an 11-entity schema for a 180K-row dataset
- Led data cleaning in Python, resolving encoding errors and reducing the dataset to 42 clean columns
- Authored complete business rules and a full data dictionary to support clean handoff to database implementation

Reddit Sentiment Analysis: Multi-Model Bias Diagnosis | Python, Hugging Face Transformers

- Applied four sentiment models on 498K Reddit comments, diagnosing two hidden model biases
- Designed a bias-resistant, blind evaluation to select the most accurate model (70% accuracy)
- Engineered a resumable GPU pipeline processing 498K comments, revealing a 27.8-point sentiment gap

Skills

- **Software & Cloud Tools:** MS 365, MS Power Platform, AWS, Azure, Asana, ArcGIS
- **Business Reporting:** Excel, Power BI, Tableau, PowerPoint
- **Data Management:** MS SQL Server, MySQL, PostgreSQL
- **Programming:** Python, R, SQL, HTML
- **Languages:** Tagalog, Visayan

Certifications & Training

- AWS Certified Cloud Practitioner December 2024
- Google Data Analytics Professional Certificate January 2024

Achievements

- Cal Poly Pomona CIS Department Student of the Year 2025
- Cal Poly Pomona President's Honors List 2023 – 2025
